Student Coverage

Who is eligible?

All registered, degree-seeking students are required to have health insurance through the Aetna Student Health Plan or through another qualifying medical plan. Students must actively attend classes for at least the first 31 days, after the date when coverage becomes effective. If we find out that you do not meet this eligibility requirement, we are only required to refund any premium contribution minus any claims that we have paid.

If a student withdraws from Rice University on or prior to **08/31/2022** for fall, or **01/31/2023** for spring, the student will be dropped from the insurance plan. Previously covered students must re-enroll in coverage for the new policy year, including dependent coverage, prior to the enrollment deadline date.

All registered students are required to maintain health insurance coverage while enrolled at Rice University with the exception of visiting students, auditors, students enrolled in the Glasscock School of Continuing Studies (excluding the Masters of Arts in Teaching for New Teachers) and all students enrolled in traditional online programs.

Enrollment

All students are required to maintain health insurance through the school or provide proof of comparable coverage. To ensure compliance with this University policy all students are required to either enroll in the Aetna Student Health Plan or request a waiver of insurance indicating that other coverage is active.

Students that do not complete an online enrollment or waiver request by **08/26/2022** for Fall or **1/13/2023** for Spring will be automatically enrolled into coverage and responsible for the full premium amount.

Eligible students will have the insurance premium placed on their student account. Students that submit and have an approved waiver of coverage prior to the deadline will have the insurance premium credited to their student account. Students that do not enroll in or waive the insurance coverage prior to the deadline will be automatically enrolled in the annual student insurance plan and charged the full premium. An approved waiver applies to the entire **2022-2023** academic year during which it is filed. Anyone enrolled in the Aetna Student Health Plan cannot cancel coverage for any reason.

To enroll online or request a waiver of coverage, log onto <https://www.aetnastudenthealth.com>, enter Rice University in the search tool, then follow the link to make your insurance selection. You can also access the link by visiting the Student Health Insurance website: <https://studenthealthinsurance.rice.edu>.

Exception: A Covered Person entering the armed forces of any country will not be covered under the Policy as of the date of such entry. A pro rata refund of premium will be made for such person, and any covered dependents, upon written request received by Aetna within 90 days of withdrawal from school.

Certain qualifying life events allow special enrollment in coverage outside of the open enrollment period. You have 30 days from the date of the qualifying life events to enroll in coverage. The following are examples of qualifying life events:

- Loss of current coverage
- Marriage/Divorce
- Birth of a Child/Adoption
- Spouse/Child arrival from another country

If you experience a qualifying life event and need to enroll in coverage, please email: StudentInsurance@rice.edu. Documentation to support the qualifying life event is required. Premiums are pro-rated according to the remainder of the semester and/or plan year.

Medicare Eligibility Notice

You are not eligible to enroll in the student health plan if you have Medicare at the time of enrollment in this student plan. The plan does not provide coverage for people who have Medicare.

Coordination of Benefits (COB)

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

The order of benefit determination rules tell you the order in which each plan will pay a claim for benefits. The plan that pays first is called the primary plan. The primary plan must pay benefits in accordance with its policy terms. Payment is made without regard to the possibility that another plan may cover some expenses. The plan that pays after the primary plan is the secondary plan. The secondary plan may reduce the benefits it pays so that payments from all plans do not exceed 100% of the total allowable expense.

For more information about the Coordination of Benefits provision, including determining which plan is primary and which is secondary, you may call the Member Services telephone number shown on your ID card. A complete description of the Coordination of Benefits provision is contained in the Policy issued to Rice University and may be viewed online at www.aetnastudenthealth.com.

In-network Provider Network

Aetna Student Health offers Aetna's broad network of In-network Providers. You can save money by seeing In-network Providers because Aetna has negotiated special rates with them, and because the Plan's benefits are better.

If you need care that is covered under the Plan but not available from an In-network Provider, contact Member Services for assistance at the toll-free number on the back of your ID card. In this situation, Aetna may issue a pre-approval for you to receive the care from an Out-of-network Provider. When a pre-approval is issued by Aetna, the benefit level is the same as for In-network Providers.

Preauthorization

You need pre-approval from us for some eligible health services. Pre-approval is also called preauthorization. Your in-network physician is responsible for obtaining any necessary preauthorization before you get the care. When you go to an out-of-network provider, it is your responsibility to obtain preauthorization from us for any services and supplies on the preauthorization list. If you do not preauthorize when required, there is a **\$500** penalty for each type of eligible health service that was not preauthorized. For a current listing of the health services or prescription drugs that require preauthorization, contact Member Services or go to www.aetnastudenthealth.com.

Preauthorization call

Preauthorization should be secured within the timeframes specified below. To obtain preauthorization, call Member Services at the toll-free number on your ID card. This call must be made:

Non-emergency admissions:	You, your physician or the facility will need to call and request preauthorization at least 3 days before the date you are scheduled to be admitted.
An emergency admission:	You, your physician or the facility must call within 48 hours or as soon as reasonably possible after you have been admitted.
An urgent admission:	You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.
Outpatient non-emergency services requiring preauthorization:	You or your physician must call at least 3 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the preauthorization decision, where required by state law. If your preauthorized services are approved, the approval is valid for 30 days as long as you remain enrolled in the plan.

Description of Benefits

The Plan excludes coverage for certain services and has limitations on the amounts it will pay. To look at the full Plan description, which is contained in the Certificate issued to you, go to www.aetnastudenthealth.com.

In case of a medical emergency

When you experience an emergency medical condition, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and ambulance assistance. If possible, call your physician but only if a delay will not harm your health.

After-hours care — available 24/7

Call your doctor when you have medical questions or concerns. Your doctor should have an answering service if you call after the office closes. You can also go to an urgent care center, which may have limited hours. To find a center near you, log in at <https://myaetna.com> and search our list of doctors and other health care providers. Check your plan documents to see how much you must pay for urgent care services.

Important note:

Although health care services may be or have been provided to you at a health care facility that is a member of the provider network used by your health benefit plan, other professional services may be or have been provided at or through the facility by physicians and other health care practitioners who are not members of that network. You may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by your health benefit plan unless balance billing for those services is prohibited.

Learn about our network demographics and local market access plans

We annually report health plan data and information to the Texas Department of Insurance (TDI) to assist the TDI in evaluating the adequacy of our networks. If a waiver or a local market access plan applies to facility services or to internal medicine, family or general practice, pediatric practitioner practice, obstetrics and gynecology, anesthesiology, psychiatry, or general surgery services, you may view the plan information on our website at [http://www.aetna.com/dse/cms/codeAssets/html/Texas Network Adequacy.html](http://www.aetna.com/dse/cms/codeAssets/html/Texas_Network_Adequacy.html)

If you do not have Internet access or prefer a printed copy of the results, contact us at 877-375-7908 or call the Member Services number on the back of your ID card.

Texas Department of Insurance Notice

You have the right to an adequate network of preferred providers (also known as “network providers”). If you believe the network is inadequate, you may file a complaint with the Texas Department of Insurance. If you relied on materially inaccurate directory information, you may be entitled to have an out-of-network claim paid at the in-network percentage level of reimbursement and your out-of-pocket expenses counted toward your in-network deductible and out-of-pocket maximum. You have the right, in most cases, to obtain estimates in advance:

- From out-of-network providers of what they will charge for their services; and
- From your insurer of what it will pay for the services.

You may obtain a current directory of preferred providers at the following website: www.aetna.com/docfind or by calling the number on your Aetna ID card (if you’re not yet enrolled, call **1-888-982-3862**) for assistance in finding available preferred providers. If the directory is materially inaccurate, you may be entitled to have an out-of-network claim paid at the in-network level of benefits. If you are treated by a provider or hospital that is not a preferred provider, you may be billed for anything not paid by the insurer.

You can learn more about mediation at the Texas Department of Insurance website:

www.tdi.texas.gov/consumer/cpmmediation.html.

The Rice University Student Health Insurance Plan is underwritten by Aetna Life Insurance Company. Aetna Student HealthSM is the brand name for products and services provided by Aetna Life Insurance Company and its applicable affiliated companies (Aetna).

For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a written Office of Foreign Asset Control (OFAC) license.
